

supporting our communities with recovery assistance

In response to the recent flooding caused by Tropical Storm Chantal, LegalEASE is offering support to both plan members and non-plan member employees impacted by flooding losses. We provide expert guidance on insurance claims, with additional consultations and enhanced coverage for plan members. Non-plan members can access initial consultations and a 25% discount on further legal services.

- Consultation and Advice: Guidance on dealing with insurance claims related to flooding losses.
- Extended Plan Benefits: For existing plan members, additional consultations, increased time with attorneys, and expanded coverage for disputes arising from flood-related losses.
- Support for Non-Plan Member Employees: Access to Plan Attorneys for initial consultations and a 25% discount on additional legal services for issues stemming from the recent flooding in North Carolina.

LegalEASE also provides a comprehensive guide of additional resources, including email support, custom flyers, best practices for preparation and rebuilding, lists of local evacuation shelters, air quality maps, and information on applying for assistance from FEMA, North Carolina state grants, and the Small Business Administration.

For more information and to access these resources, visit: go.legaleaseplan.com/recoveryassistance
